

Yes!

We Can

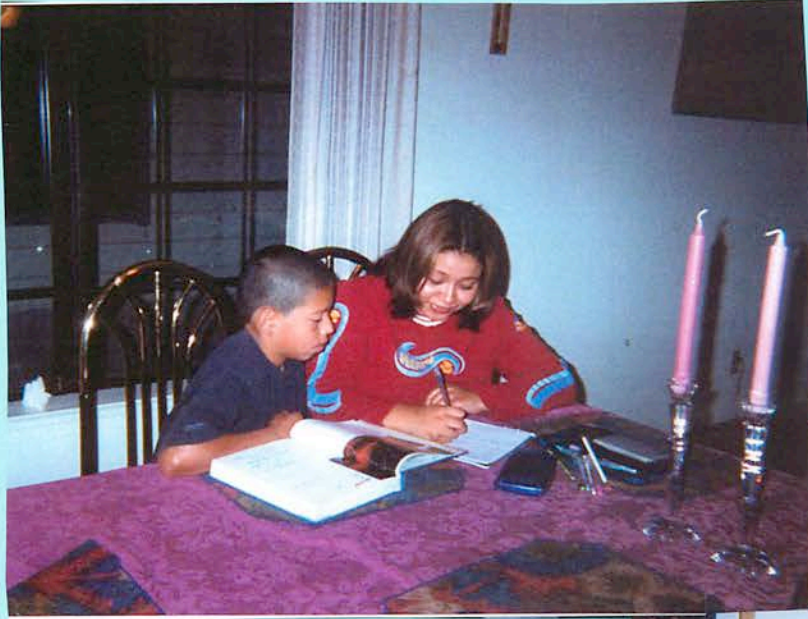

written and illustrated
by monica & vicky martinez

I can work for us. To give you a good education, to set the best example of honor and dignity and pride.

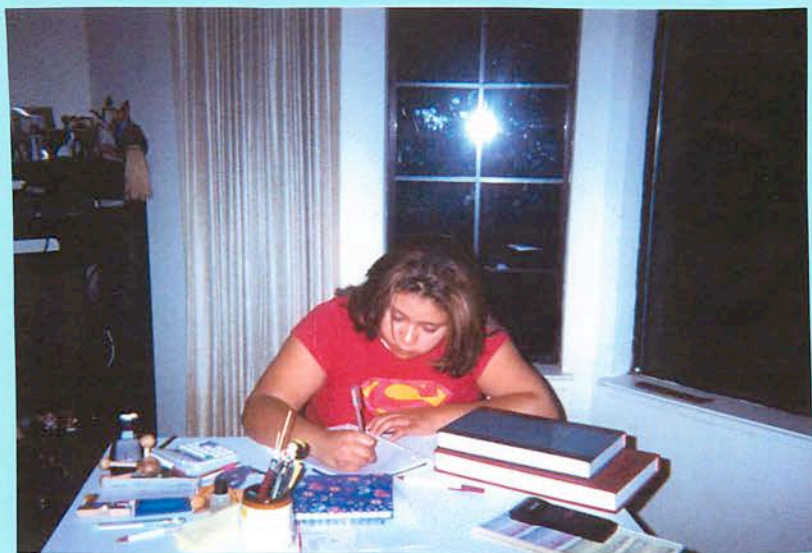

I can be the best student.
I can read in two languages
and be proud of who I am.

I can provide for you a
home, a family, unconditional
Love.

I can help you at home,
teach my brother,
love you lots.

I can sit and read while you study, at night.

I can learn to be a writer to tell you, all the wonderful things you are.
